**MESSAGE**

I am happy to learn about the **Indo-German Art Forum 2017**, jointly organised by Dr. Philipp Grieb, GDIZ Project Coordinator and ArtsAcre Foundation, India from 5th to 12th November 2017 at Kolkata, India.

Events like Indo-German Art Forum 2017 help to create a civic space for promoting interaction and exchange of ideas and experiences in diverse cultural environments between fine artists, researchers and art historians. It provides an opportunity to reflect on the current state of art concerns, sharing and promoting techniques and styles. Another important aspect of such efforts is that it not only plays a crucial role in building cultural bridges between the two countries – India and Germany – but also strengthens the bonds between the artists of the two countries for future collaborations. I am sure that artists from India and Germany would richly benefit from their participation at the Forum.

I wish the Indo-German Art Forum 2017 all the success!
